Section 4: Your Reasons for Planning

Please identify the reasons you are considering estate planning or questions you have (check all applicable).

Protect Your Children or Other Beneficiaries:

- From predators who can access inheritance amounts and target young or vulnerable beneficiaries
- From claims of divorced spouses to have half of your child or beneficiary's inheritance
- From malpractice claims, for beneficiaries in their professions
- From other creditor claims (such as car accident plaintiffs)
- From the stress and delays of the average 16-month process of probate
- From financial immaturity resulting in a quick loss of the entire inheritance
- From sharing assets with heirs you would rather disinherit
- From lawsuits by disinherited heirs
- For parents only:* From relatives who would be poor, abusive or even dangerous guardians
- For parents only:* From acquaintances and relatives who should not be allowed to be alone with your children
- For parents only:* From a court proceeding that costs precious time in the event you are unable to authorize needed medical care for your child
- For special needs beneficiaries only:* From neglect in the government care system

Maximize Assets:

- By minimizing taxes during your life (income taxes, capital gains taxes, estate taxes on inheritances you expect to receive)
- By minimizing or eliminating estate taxes upon your death (up to 45% of your assets and life insurance benefits)
- By reducing estate administration costs through probate avoidance
- Avoid or limit Medicaid claims on your assets should you require long-term care
- Ensure that a special needs beneficiary has assets that are protected from government seizure while retaining eligibility for needed services
- Ensure that your family has enough life insurance to provide a reasonable lifestyle no matter what

Protect Yourself:

- From malpractice or creditor claims
- From conservatorship proceedings (aka "living probate") if you become incapacitated
- From probate delays and stress upon your death
- From hospital policies requiring life-sustaining procedures when you would rather not endure them
- From healthcare decisions made by people other than those you trust most

Ensure Quality of Life:

- Give to a charitable organization or activity
- Support a common family goal through coordinated planning
- Provide that your death will not be unnecessarily prolonged by artificial means
- For parents only:* Provide guidelines for how your children should be supported while their assets are in trust
- For special needs beneficiaries only:* Provide instructions, people, and assets to support your special needs beneficiary above a poverty lifestyle
- For business owners only:* Provide for the orderly continuation and transfer of family business interests rather than a distress sale
